

# GIFT BOX

### Assembly Instructions:

1. Cut along all outside lines.  
(including in and around large tabs)
2. Fold along all lines.
3. Glue tab A to inside edge of Side D.
4. Fold in top and bottom flaps.

Here's a box template and steps to create boxes.

1. Apply images to the box template from royalty free clip art, draw pictures, write words, color with markers or crayons, etc. Word categories could include: family member names or relationships, common gifts for men, women, and children, colors, patterns, or numbers. To extend the activity beyond Christmas, include one box with various other gift-giving event words such as birthday, graduation, Valentine's Day, Mother's/Father's Day, etc.
2. Affix with glue completed template to poster board, card stock, or even recycled cereal boxes.
3. For a firmer construction, stuff with wadded newspaper.
4. Fold along score lines to assemble.
5. For stability, tape closed with Scotch tape or clear packing tape.
